

## PRESSEINFORMATION

### 108 Machines for greenfield project in Egypt **AUMUND equipment for six new clinker production lines in Beni Suef**

Rheinberg, Germany, January 2017

June 2016, Sinoma International Engineering announced that its subsidiary, Chengdu Design & Research Institute of Building Materials Industry (CDI) had signed a contract with the Egyptian government to build six production lines for clinker of 6,000 tpd each, in Beni Suef. AUMUND Fördertechnik GmbH, in close cooperation with its Chinese subsidiary AUMUND Beijing, has now won the order to supply the clinker conveying equipment for the project.

Egypt, with a capacity of 70 million tonnes, is one of the world's biggest producers of clinker. Around 52 - 54 million tonnes of cement are consumed annually in Egypt. The identical lines will each be equipped by AUMUND with four BWG belt bucket elevators, with capacities up to 650 t/h and three BWZ chain bucket elevators (up to 550 t/h).

## **PRESSEINFORMATION**

The machinery package also includes four BWG-L belt bucket elevators (170 t/h) one BWZ-L chain bucket elevator (80 t/h) as well as six pan conveyors (375 t/h), for each of the six lines.

The new greenfield project in Beni Suef is to be fully completed within the next three years. The pilot phase of the new production lines is due to start as early as December 2017.

AUMUND Fördertechnik will supply these 108 Machines to Egypt in three deliveries, between April and June 2017.

### **About the AUMUND Group**

*The AUMUND Group is active worldwide. The conveying and storage specialists have special expertise at their disposal when dealing with bulk materials. With their high degree of individuality, both its technically sophisticated as well as innovative products have contributed to the AUMUND Group today being a market leader in many areas of conveying and storage technology. The manufacturing companies AUMUND Fördertechnik GmbH (Rheinberg, Germany), SCHADE Lagertechnik GmbH (Gelsenkirchen, Germany), SAMSON Materials Handling Ltd. (Ely, England), as well as AUMUND Logistic GmbH (Rheinberg, Germany) are consolidated under the umbrella of the AUMUND Group. In conjunction with the headquarters of the manufacturing companies, the global conveying and storage technology business is spearheaded through a total of ten locations in Asia, Europe, North and South America and a total of five warehouses in Germany, USA, Brazil, Hong Kong and Riyadh.*
